Meet The Mystery Guest®

More than a magician

Stephen has been delighting audiences with his unique style of mind reading and magic for over 20 years.

After performing as a close-up magician for several years Stephen developed a new approach to entertaining, The Mystery Guest®.

He noticed that a lot of people had a stereotypical idea of magic and magicians. The Mystery Guest® was created to alter this perception.

One of the most common comments Stephen now receives is "I don't really like magicians, but you stole the show!".

The Mystery Guest® concept was designed to allow Stephen to blend seamlessly into your wedding. Whether he pretends to be an old friend, a work colleague or family member, all of your guests will remember the unexpected entertainment and the amazing time they had at your wedding.
